CONNAUGHT PLACE

For the **ONES**

A 125-YEAR LEGACY OF TRUST

Innovation, Sustainability and Excellence are the cornerstone of everything we build at Godrej Properties. Deeply rooted in principles of good and green, we've built many landmarks across the country over the past 125 years, including Godrej One, The Trees, and Planet Godrej. Despite these milestones, we still find ourselves busy at work, laying the foundations for landmarks that will stand proudly as ones of the ones.

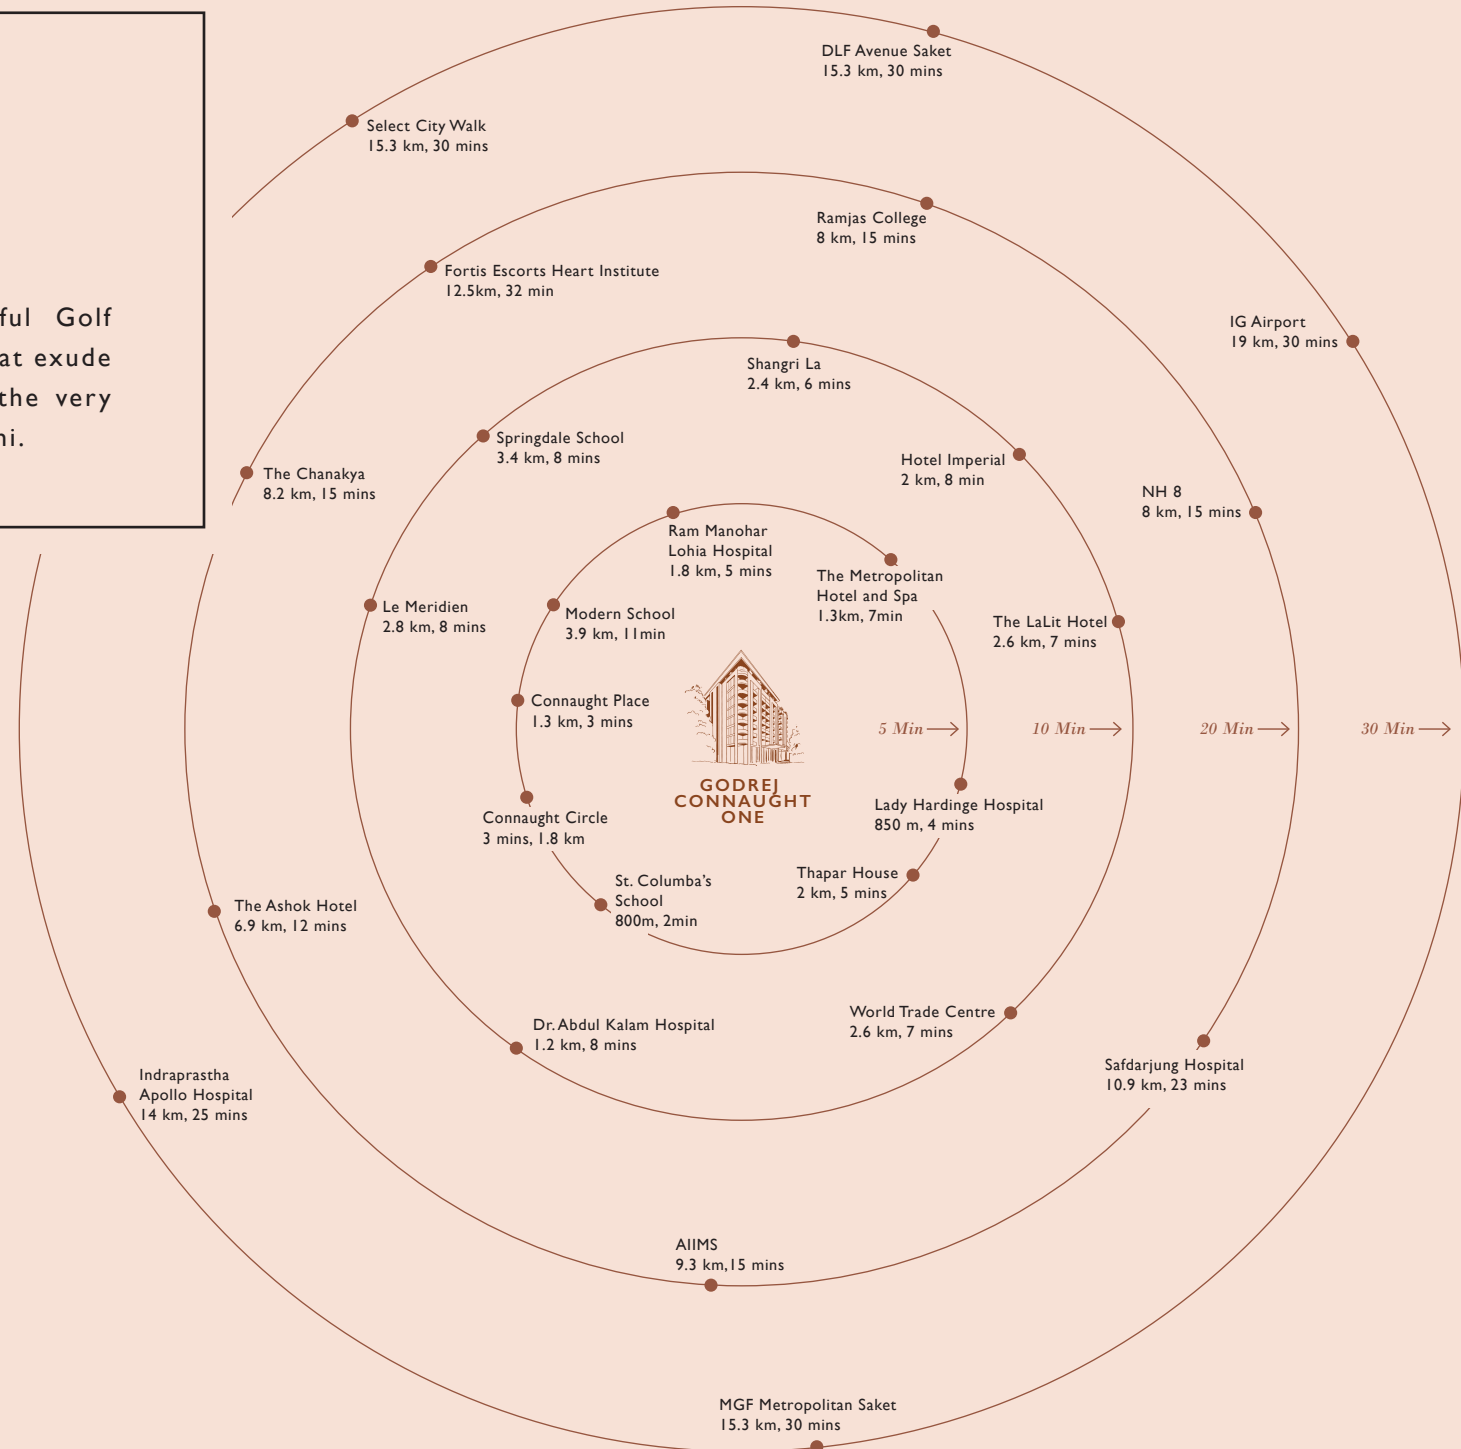

A wide-angle photograph of Humayun's Tomb in Delhi, India, during the golden hour. The central focus is the large, white marble dome of the tomb, which is illuminated by the warm light of the setting or rising sun. The building's facade is a mix of red sandstone and white marble, featuring intricate carvings and multiple arched niches. A long, low wall with a series of arches runs across the foreground, leading towards the main structure. Several tall palm trees are scattered across the scene, some in the foreground and others in the background. The sky is a clear, pale blue, and the overall atmosphere is serene and historical. The image is framed by a white border, and a text box is overlaid on the right side.
