Projects:

Residential

<http://www.luxuryresidences.in/gurgaon-projects.html>

Design not similar but want to show name and slight description like this, Now on click of each project the page for each will open .

Project Page:

<http://www.luxuryresidences.in/df-camellias-sector-42-gurgaon/index.html>

Just design this page in away that I can change the color , text , images, videos etc. For every project

Other Page : Commercial (Concept same all as Residential)

Careers Page

Banner
